#### (1) Dr. Lindsey Pearson, Case No. 16-044- Formal Hearing / Respondent's Request for Continuance / States Response in Support of Continuance.

Ms. Sabrina Khan presented a brief background of the case. She reviewed the request made by the Respondent, and the States support of the continuance. Seconded by Dr. Sadilek. Motion Carried 5 Ayes, 2 Absent.

#### (2) Dr. Wendy Wells, Case No. 16-049 - Investigative Interview

Dr. Marchese recused herself. Dr. Wells was presents and explained that although patient AK alleges she failed to order a lipid panel, the Sonora Quest Laboratory requisition does indicate one was ordered. However, patient AK chose to have his blood drawn at Central Clinical Labs. The error occurred when a technician at CCL, failed to transfer the lipid panel request to their lab's requisition. AK alleges the wrong lab results were faxed to his cardiologist however, records indicate results were not faxed because AK refused to sign a release of records form. Results were given to patient AK. Chart notes indicate staff answered all phone contacts, and it was ultimately AK who severed the association with the physician by telling the staff not to have the physician call him back. Dr. Sadilek made a motion to dismiss the case. Seconded by Ms. Tibbits. Motion Carried 4 Ayes, 1 recused, 2 Absent.

**(3) Dr. Erin Winter, Case No. 15-027 - Formal Interview.**

Dr. Winter was present. The initial complaint was received by the Department of Health Services, regarding an alleged discrepancy in the number of medical marijuana certifications processed by Respondent, Vs. the number of times she accessed the prescription monitoring program database. Upon investigation into the matter, it was discovered Respondent had accessed the database beyond the number of patients she certified for medical marijuana during the time frame in question. The error took place between the Department of Health Services and the Pharmacy Board during the initial audit. Upon Board review of 10 patient records, it was discovered records for three of the patients were not adequate. Dr. Sadilek made a motion to issue an order for six (6) hours of non-disciplinary CME in muscular skeletal rehabilitation. Seconded by Mr. Logan. Motion Carried 5 Ayes, 2 Absent.

**O. Discussion, Consideration, Possible Action on Applications.**

**(1) Lilia Sargsyan, Application for Clinical Training Certificate.**

Ms. Sargsyan was present. She explained the arrest took place at the age of 14. She assumed it had been expunged from the record and she did not have to report it, which is why she failed to mark it on her application to the Board. The application makes it clear that although a conviction and/or criminal offense has been pardoned, expunged or dismissed, the Applicant is required to disclose the information. Dr. Sadilek advised moving forward, she should be prepared to disclose it on any application that asks for that information. Dr. Sadilek made a motion to approve the application for clinical training certification. Seconded by Mr. Logan. Motion Carried 5 ayes, 2 Absent.

The Board returned to regular session at 1:50 pm.

**(2) Rosanne Banker, Application for Preceptorship Training.**

Ms. Banker was present, and informed the Board that based on the DUI arrest, she had been under house arrest, spent time in jail, paid a fine and participated in 36 hours of outpatient therapy. Dr. Marchese stated that, although Applicant did participate in court ordered education and counseling, this type of evaluation is not comprehensive. Dr. Sadilek agreed and stated he felt a more comprehensive evaluation was required, because the incident was recent, and the alcohol level was extreme at the time of the arrest. Dr. Marchese made a motion to order Applicant to participate in an independent alcohol evaluation by a licensed psychologist, psychiatrist, or behavior health professional pre-approved by board staff, and that the issuance of the certificate is dependent on the outcome of the evaluation. Seconded by Ms. Bennett. Motion Carried 5 Ayes, 2 Absent.
