**5. REVIEW, CONSIDERATION, AND POSSIBLE ACTION REGARDING THE FOLLOWING BOARD CASES.**

A. Case No. 20-159, Dr. Bojaj Fernandez, Review of Board Requested Documents.  
Dr. Fernandez was present via phone, along with Attorney Scott King.

Ms. Anthony summarized the case, indicating today the Board would be reviewing the additional information requested.

Mr. King stated he was present to answer questions regarding the additional information, and requested confirmation the Board received the information regarding Dr. Anderson’s comments.

Dr. Popiel stated while he appreciated the comments provided by Dr. Anderson, the validity of the treatment was not his concern. Dr. Popiel commented his concern related to failure to keep adequate chart notes.

Dr. Fernandez informed the Board she is working on changes to the processes.

Dr. Sadilek made a motion to go into executive session for legal advice. Seconded by Dr. Campbell. Motion Carried 7 Ayes.

Executive Session 12:54 pm  
Open Session 1:10 pm

B. Case No. 20-145, Dr. Judith Ziol, Initial Review Continued  
Dr. Ziol appeared telephonically.

Dr. Sadilek stated the Board would be reviewing the additional charts provided by Dr. Ziol.

Dr. Ziol stated she provided the requested information to the Board.

Dr. Popiel commented he felt the charting appeared very compressed and hard to read at times, and could be improved upon.

Dr. Rubin stated that he found the charting to be sloppy.

Dr. Sadilek agreed the charting needed to be improved upon, and that perhaps Dr. Ziol required some additional CME in charting. Dr. Sadilek reminded the Board of the other issue involving failure to review the CSPMP prior to certifying for medical marijuana.

Dr. Ziol stated she has not certified for medical marijuana since the case.

Dr. Sadilek made a motion to issue a Letter of Concern for failure to keep adequate charts and failure to check the CSPMP for some patients, prior to certifying for medical marijuana, and an order for 8 hours of additional CME in charting. Dr. Rubin added failure to provide ICD10 codes in the charts. Dr. Rubin also commented that 8 hours of additional CME in charting may be too much in this case, and suggested 4 hours instead. Dr. Campbell and Dr. Popiel agreed. Dr. Sadilek amended his motion to require 4 hours of CME in charting. Seconded by Dr. Popiel.

Roll Call: Motion Carried 7 Ayes.

E. Case No.20-160, Dr. Colleen Huber, Initial Review.

Dr. Rubin stated he could not be unbiased and recused.

Dr. Huber was present telephonically. Dr. Huber stated that on the first day, the clinic provides a list of IV ingredients to the patients, but the ingredients and amounts can change day to day.

Dr. Sadilek commented that if you infuse or inject something into somebody, they do have the right to know what it was, and it needs to be documented in the patient chart.

Dr. Popiel stated the chart notes do not indicate what was infused into this patient, and the notes should document that. Dr. Popiel commented the chart notes lack what was actually done with the patient and not what would be considered a proper chart note. Dr. Popiel further commented he saw chart notes that look like they are on spiral note book paper.

Dr. Spat stated he agreed with Dr. Popiel and commented the chart needs to reflect what is in the IV. Dr. Spat commented if he were to take over patient care, he would not know what to do next based on the lack of charting, and that he would need to know what worked and what had not.

Dr. Hubert stated that if a doctor were to take over care, they should not rely on a recipe from the prior doctor.

Dr. Sadilek commented the charts need to be adequate, especially if you are providing care to oncology patients.

Dr. Popiel stated that the chart notes are absolutely inadequate.
