The Board returned to Regular Session at 1:35 pm.

Dr. Terlisner made a motion rescind the referral of the case to Formal Hearing and remand the matter back to the investigative stage. Seconded by Mr. Logan. Dr. Marchese stated she thought the standard of care issue was sufficiently addressed in the investigative report and by the Board, during the Formal Interview proceeding. She stated she would however be open to a consent agreement. Mr. Logan stated that because the State is the one to prosecute the case at the Formal Hearing, and based on request by the State to move the case back, he supports the request. Dr. Terlisner tabled her motion in order to discuss the possibility of a consent agreement, and the Board discussed proposed terms. Dr. Marchese made a motion to offer a consent agreement to include 6 months probation including restriction from certifying patients for medical marijuana during the first 30 days of the probationary period. Additionally, a supervising physician is required during a period of time, along with completion of additional CME hours in Primary Care examination and documentation. Ms. Bennett Seconded the motion. Roll Call: Ms. Bennet; Aye, Ms. Tibbits; Aye, Mr. Logan; Aye, Dr. Terlisner; Aye, Dr. Marchese; Aye, Dr. Sadilek; Aye. Motion Carried 6 Ayes, 1 Absent.

**(2) Dr. Jordan Kopcio, Case No. 15-025 - Investigative Interview.**

Dr. Kopcio appeared represented by Ms. Claudia Horan. He was asked to respond to the allegation regarding prescribing an out of scope medication; (Oxycodone), along with other medications in some cases, and while he certified the patient for medical marijuana. Dr. Terlisner stated a physician can't prescribe opioid pain medications at the same time as certifying for medical marijuana. That one of the rationales for bringing medical marijuana into the State, is to help people eliminate all the issues with opioids. Dr. Marchese stated she felt the standard of care was not followed in some of these cases. Dr. Terlisner commented the responsibility to appropriately certify was with Dr. Kopcio, and noted the owners of the clinic do not have medical licensure which can be stripped. Dr. Marchese made a motion to move the case to Formal Hearing and in the interim through consent agreement, restrict Dr. Kopcio's ability to write prescriptions for controlled substances and certify for medical marijuana. Additionally, in the event Respondent does not sign the agreement, the Board will hold an emergency meeting for possible summary suspension. Seconded by Ms. Bennett. Motion Carried 6 Ayes, 1 Absent.

Dr. Marchese stated Respondent is not following the Arizona telemedicine law. He didn't notify the Board of his criminal charges in the State of Minnesota, he is seeing patients in a State where he is not licensed, he wrote prescriptions to himself, and that these are just some of the allegations. Additionally, he claims to have a "traumatic brain injury" which has left him struggling to do basic daily activities. Dr. Marchese made a motion to summarily suspend Respondent's license because there is an imminent threat to the public based on the allegations in the investigative report. **(6) Dr. Lance Morris, Case No. 15-033 - Investigative Interview.**

Dr. Morris stated he did not have a DEA number when he certified patients for medical marijuana, however he was obtaining copies of the PMP reports and reviewing the reports prior to certifying the patients. A staff member gained access to the controlled substance prescription monitoring program database as a delegate, under another physician's DEA number. Dr. Marchese pointed out that in order to certify for medical marijuana, a physician must have an active DEA number. Mr. Logan made a motion to offer a consent agreement restricting Dr. Morris from certifying for medical marijuana until such time he obtains his own DEA number and log in to the PMP. Additionally, the consent shall include a decree of censure. Seconded by Ms. Tibbits. Motion Carried 6 Ayes, 1 Absent. Dr. Morris requested clarification regarding the law restricting a physician from certifying a patient for medical marijuana if they present currently taking opioid medication. Dr. Sadilek stated he did not believe there was a law specific to that restriction, but that it may become a problematic when the certifying physician also writes pain medication prescriptions at the same time.

PW was present and disputed Dr. Hansen's answers to some of the Board's questions. Dr. Marchese noted she found Dr. Hansen's lab fees appropriate. Dr. Marchese made a motion to dismiss the case.
