**5. REVIEW, CONSIDERATION, AND POSSIBLE ACTION REGARDING THE FOLLOWING BOARD CASES.**

**A. Case No. 20-144, Dr. Carmen Mora, Initial Review.**

Respondent was represented by Mr. David Cohen, both appeared via telephone.

Ms. Anthony summarized in December of 2019, Respondent self-reported she was a defendant in a malpractice case, and in March of 2020, the Board was notified case CV2019-003377 settled in the amount of \$225,000.00. The records for the patient involved in the case were presented in the Investigative Report for Board review.

Respondent made a statement to the Board referencing the outcome of the settlement and her treatment of the patient.

Dr. Sadilek asked what clinical assessments are done prior to performing a procedure. Respondent stated she does perform labs prior to the procedure, and has the patient come back in two weeks to review the labs, and do review of systems. Dr. Sadilek asked if she noticed the elevated white blood cell count and blood sugar. Respondent stated she had, and that the patient was not fasting. Respondent stated post procedural records indicated the patient had the issue prior to the procedure, and in retrospect, if the patient were to come in today, she would not do the procedure.

Dr. Rubin asked Respondent to explain what happened. Respondent outlined the timeline of treating the patient. Dr. Rubin commented on Respondent’s continued reference of toxins in the patient’s system, as a reason for the progression of adverse symptoms post procedure. He asked Respondent to explain the reasoning. Respondent stated there are a lot of toxins stored in the fat. She did recommend going to the Emergency Department, but the patient would say she was just tired. Dr. Rubin asked why she wanted the patient to go to the ER. Respondent stated

she wanted to make sure there was nothing wrong. Dr. Rubin stated it is important to follow up on any abnormalities and progressive adverse symptoms.

Ms. Tibbitts asked at what point Respondent realized there was a problem. Respondent stated she kept getting feedback from the patient that she was fine, just tired. Respondent began instructing the patient to visit the ER, and the patient would refuse to go.

Dr. Spat asked Respondent if she documented the phone conversations. She stated she had not.

Dr. Sadilek stated he has a concern that Respondent has the ability to see a potential problem with the patient, and quickly assess and diagnose the problem. Respondent stated she told the patient to go to the ER, but the patient did not want to go because she may be undocumented and she did not have the money.

Dr. Sadilek stated in the future, she should document her referrals in the records.

Dr. Popiel stated he felt Respondent had learned a lot from this experience and suggested dismissal, that she is not putting people at risk and there is no future concern at this time.

The Board agreed she had learned a hard lesson in dealing with the patient, lawsuit and Board process in this matter.

Dr. Rubin and Dr. Popiel cautioned that in the future, should the patient refuse to follow her medical advice, document the advice given, the patient refused to follow the advice, and if necessary refer them somewhere else.

Dr. Sadilek made a motion to dismiss the Board Case. Seconded by Dr. Rubin.  
Roll Call: Motion Carried 7Ayes.

**B. Case No. 20-151, Dr. Wendy Wells, Initial Review.**

Dr. Wells was present via phone.

Ms. Anthony summarized this complaint came by way of the ex-husband of Respondent’s prior employee. In September of 2018, the employee called in two prescriptions for her ex-husband, one for Sertraline and one for Lasix. This complaint was submitted to the Board in May of 2020. The complainant admitted he had never seen Respondent, but believed she was aware of the prescriptions. Respondent stated she was out of state on the date the prescriptions were called in. She did not find out about the prescriptions until the Complainant sent her a picture of the prescription bottle via Facebook, on July 24, 2019. Once confronted, the employee resigned.

Dr. Sadilek asked Respondent if she had a protocol for prescribing. Respondent outlined her prescribing protocol.

Dr. Rubin made a motion to dismiss the complaint. Seconded by Ms. Tibbitts

Roll Call: Motion Carried 7Ayes.

**C. Case No. 20-154, Patricia Lovelight, Unlicensed, Initial Review.**

Ms. Lovelight was not present.

Ms. Anthony summarized the complaint was opened based on information provided to Board staff of Ms. Lovelight’s use of protected title of N.D., and naturopath. Examples of violations found on the internet were provided to Ms. Lovelight and she was asked to respond. In her response, Ms. Lovelight stated she has begun the process of removing all personal reference to N.D.

Upon review of the web at large by Board staff, it was found that while Ms. Lovelight has removed the majority of the violations, there are still several instances of her use of title.

Dr. Campbell asked Ms. Anthony if Ms. Lovelight has been compliant. Ms. Anthony stated that in conversation with Ms. Lovelight, she expressed she had moved to Arizona from another state, and was unaware the title was protected here. She admitted to understanding the seriousness of the matter, and that she has made effort to remove some information.

Dr. Rubin asked Ms. Anthony to provide the typical procedure for review of these kinds of cases. Ms. Anthony stated she typically does an at large google search, using various information.

Dr. Rubin made a motion to allow Ms. Lovelight 30 days to complete the scrub, and at the end of 30 days, she will need to submit a written statement to the Board of what she has done to comply with the removal of the protected title. Seconded by Dr. Sadilek. Roll Call: Motion Carried 7Ayes.

**6. REVIEW, CONSIDERATION AND POSSIBLE ACTION REGARDING REVIEW OF RECORDS AND COMPLIANCE WITH CONSENT AGREEMENT 16-059, DR. ORVILLE WEYRICH.**

Dr. Weyrich was present via phone.

Ms. Anthony summarized the requirements of consent agreement order no. 16-059, and that Dr. Weyrich has been compliant with some portions of the order. He has taken and passed both the Arizona Jurisprudence examination, and the NPLEX pharmacology examination. Controlled substance prescription monitoring reports run by Board staff have shown he has been compliant with the controlled substance restriction portion of the order. However, he has failed to submit the name of an unbiased practice monitor for approval. Chart notes were also submitted for Board review.

Respondent stated it was his understanding that as long as he was not prescribing controlled substances he did not need a practice monitor.

Dr. Sadilek stated the consent agreement stated within 60 days he was required to submit the name of a practice monitor. Respondent stated he did. Dr. Sadilek continued that the person was rejected, and pointed out the consent agreement does not say as the monitor is required only if you prescribe controlled substances.

Respondent stated that perhaps it was a misunderstanding on his part.

Ms. Tibbitts confirmed the practice monitor and the prescribing of controlled substances are two separate items. Ms. Anthony reviewed the terms of the order regarding the practice monitor.

Respondent stated he thought the biggest concern was over his prescribing practices.

Dr. Sadilek made a motion to go into Executive Session for Legal Advice.

Seconded by Ms. Tibbitts. Roll Call; Motion Carried 7Ayes.

Executive Session for Legal Advice 1: 58 p.m.

Open Session 2:20, Roll Call was taken to confirm quorum.

Dr. Sadilek stated that terms of the agreement are clear regarding the practice monitor.

Dr. Popiel state that the Board could give Respondent 30 days to find a practice monitor.

Respondent asked for the Board's help in finding a monitor. Respondent stated he also works as a chiropractic assistant. Dr. Sadilek stated a Chiropractor would not be able to monitor the prescribing.

Dr. Popiel stated that had Respondent complied with the practice monitor we would not be here today reviewing this matter. He further stated when looking at Respondent's chart notes, he was not seeing any actual diagnosis or assessment, and again pointed out if Respondent had a practice monitor in place, the practice monitor would have been able to help him with the charting.

Respondent asked if the consent agreement could be amended.

Ms. Anthony stated the consent agreement was reviewed by Respondent and his Attorney at the time it was drafted, and Respondent chose to sign it. In terms of the practice monitor, it is not appropriate for the Board to provide Respondent with a practice monitor.

Ms. Tibbitts asked Respondent if he was provided a copy of the consent agreement. He acknowledged he was. Ms. Tibbitts stated that it is clear that the consent agreement included a practice monitor, and that monitor needs to be put in place. Ms. Tibbitts made a motion to give Respondent 60 days to obtain a practice monitor. Dr. Sadilek seconded the motion.

Roll Call; Motion Carried 7Ayes.
