

**Accreditation:** The Association of Accredited Naturopathic Medical Colleges (AANMC) was established in February 2001 to propel and foster the naturopathic medical profession by actively supporting the academic efforts of accredited and recognized schools of naturopathic medicine. All American Association of Naturopathic Medical Colleges (AANMC) member institutions have been accredited by one of the regional accrediting agencies approved by the U.S. Department of Education. In addition, all of the naturopathic medicine programs of the member schools have been accredited by the Council on Naturopathic Medical Education (CNME), the recognized accreditor for naturopathic medical programs in North America. Graduation from a naturopathic medicine program that is accredited or is a candidate for accreditation guarantees eligibility to sit for the Naturopathic Physicians Licensing Examinations (NPLEX), the passage of which is required to obtain licensure. AANMC offers seven accredited naturopathic medical programs and eight campus locations in North America.
