

## Free CME

### Medical Marijuana Continuing Medical Education (CME) Module

The Arizona Department of Health Services has collaborated with the U of A's Mel and Enid Zuckerman College of Public Health to develop a 5-hour free online Certified Medical Education course regarding the physician's role and expectations under AZ Medical Marijuana program. You can access the CME module through the University of Arizona Global Health Institute and select "New User Registration." After logging in, click on the Learning Center link, which will take you to the Learning Management system containing the Medical Marijuana course under the e-Training category.
